

Fishery Reports

Gabriels Fishery Edenbridge, Kent

The colours around the Fishery are extremely beautiful and the leaves have dropped already. The water level on the river is increasing and seems to be the most popular place to fish at the moment. The water levels are increasing and the unsettled weather is not deterring people from fishing here at Gabriels. There have been some really busy days with all sizes of fish caught.

John Colby has recently caught a beautiful Common Carp off Admiral weighing 22.8lb. Such a lovely example from one of our members.

As always don't forget to send us stories and photos of your catches here at Gabriels Fishery, either by Instagram - gabrielsfishery1, Facebook, twitter, Whatsapp, email or text - 07730 066088!

We would like to thank all our customers for their support over this past year.

We would like to wish you all a very healthy and Happy New Year and we look forward to seeing you all in 2019.

WINTER OFFER VALID NOV 1ST ~ FEB 28TH 2019

Wylands International AC Battle, East Sussex

The mild weather in November has encouraged more anglers to site and kept the fish coming out. All the Lakes are carrying their full autumn colours and the Carp have been feeding in earnest.

HOUSE LAKE is still fishing well and just about every angler who has fished it has caught some nice Carp with the best a 23lb common to a day ticket angler.

NEW SPECI has been fishing best at night although a few carp have been landed during the day time. Two anglers landed 30lb + carp and left happy after reporting several 20+ catches including two commons of 27lb & 29lb. Another group of friends fished throughout the night and landed 13 fish between them, 3 of them over 20lb.

KELL has produced Carp to 29lb this month.

OLD SPECI produced a stunning 22lb common, The lake is now producing plenty of double figure fish.

MAISIES LAKE is still active thanks to the mild weather we are still having, the water temperatures may have lowered a little but the Cats are still active and feeding. The largest fish this month tipped the scales at 51 lb. Carp in this lake are also feeding well with some quality fish of 20lb+ being landed throughout the month.

MIDDLE LAKE is under going some maintenance work and is currently closed

Don't forget we are running our popular Carp Cup competition during the winter months (visit our Facebook page for my info or call 07774383026) We also offer a Winter season ticket (until -31st March) months of unlimited fishing from as little as £100 a real bargain.

Gift vouchers are available from the office an ideal Christmas present for all anglers.

For all the latest bait information talk to Jed from our on-site tackle shop Jed's Bait Shack, the man in the know.

Elphicks Fisheries

Elphicks has been designed and built with the modern angler in mind. We have 7 lakes available for day ticket and session fishing. Each lake has it's own parking within easy reach of the swims and all swims are 'all weather' - either built of Astroturf, stone or bark. Please contact the fishery for further information on any of our lakes.
