

# Fishery Reports

**Wylands International AC** Battle, East Sussex

**MIDDLE LAKE** - is full of rudd, roach, bream and carp, this is a fantastic lake for the novice and experienced alike with some fantastic float fishing to be had. It's the ideal lake to hold a silver match on.

**KELL LAKE** - is producing some lovely specimens. **Charlie** had a fantastic session landing multiple carp in to the high twenties. Well done, Charlie. The carp are feeding well and one in two are over the twenty pound mark including a good head of upper twenties we have also had five different 30s caught over the last 12 months

**HOUSE LAKE** - House Lake is definitely awake and this runs water is producing fish into the twenties. Get the tactics right on the day and multiple catches are on the cards. Fishing with a boillie approach is the more productive tactic as the silver fish soon clear up smaller food items.

**ROSIE'S LAKE** - This lake has been opened to 24hr fishing with many anglers taking up this opportunity for some fantastic carp and crucian fishing. Anglers have been catching carp to fifteen pounds including the odd pretty mirror.

**MAISIE'S LAKE** - The cats are starting to be caught; the largest caught last season was 57lb 8oz. The largest so far this year is a 45lb monster caught by **Lee Marston**. Please remember this is the only lake you need to pre- book as swims are limited. 20lb mainline is also a must!

**OLD SPECI** - The fish on this lake are on the up as far as weight is concerned, with many reports of mid doubles being caught and multiple 20lb plus!

**NEW SPECI** - Has fished well over the last month with many catch reports lee has caught 15 carp with his biggest being 26lb, young **Lewis** had a fab half day landing 3 carp, well done, Lewis.
