Now that the weather has finally started to change, it has been great to see our regular faces along with some new faces around the lakes. Bread punch has been working on all lakes along with log worm and maggots. Some nice perch and pike have come out in the colder weather.

Match guys have found that dobbing bread has worked with winning weights coming out up to 90lb. Our pleasure anglers fishing the bomb with bread is also working while getting up against the island. The guys fishing on Lake Amy have had a bit of luck down in the margins with bread or small white pop-ups.

Please pop onto Facebook – (Dave Claygate) for updates on our upcoming Saturday and Sunday open matches or email us and we can send the dates to you!
