

SOUTH COAST INFLATABLE BOATS GROUP

South Coast Inflation Boats(SCIB) is a newly created Facebook (see Inflation Boat Advice) group aimed at introducing anglers to 'small' affordable, soft, but, sturdy inflation boats (SIB's) to get people out on to the water whether it be to fish our coastlines, rivers and lakes, or simply to have fun with family and friends visiting some of the great locations we have in the UK.

These boats, generally, can easily be folded and transported in the back of your car with an outboard engine, but, some may need a small boat trailer which is easily towed by a family car.

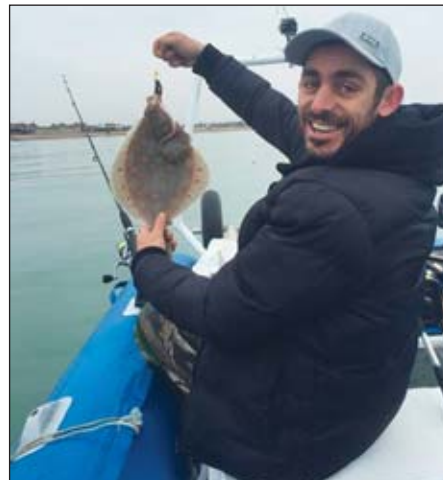

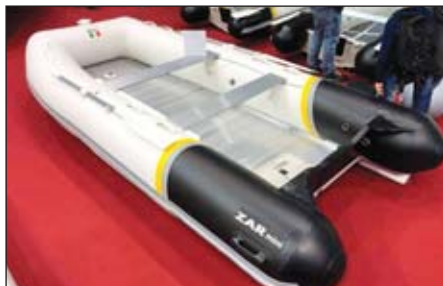

Anyone wishing to buy/sell their own small inflation boat or accessories or simply just to discuss and explore the SIB world, then please feel free to join.

If you already own a SIB then any advice or tips on this type of boating you could share with us, we'd love to hear from you and welcome any photos or videos you may have. We're looking to encourage fishing/boating groups from all over the UK to join us and share the sea and river locations your area has to offer.

Once the group has built up we plan to arrange events throughout the UK for members to meet up and share fishing locations or relaxing river, lake and canal trips.

Many thanks for reading and we look forward to seeing you in our community.

South Coast Inflation Boats is a newly formed group on Facebook, look up Inflation Boat Advice. Do check them out if this area of fishing appeals to you! There will be lots of advice and tips on how to safely embark on this exciting way of fishing!

41st FISHING SEASON STARTS ON 21ST MARCH AT BEWL WATER

Bewl Water is the largest reservoir in the South East, an established trout fishery with a history of large trout and pike as well as good sized perch. Any method and fly fishing can be done from our fleet of 54 fishing boats which each have motors to explore the 770 acre water. All rainbow trout are stocked at 2lbs+.

Fly fishing only is available from the bank with miles of good quality bank fishing available from 21st March 2018 – 21st February 2019. Please call for up to date fishing reports and the best bank spots.

Our fishing and tackle shop is open daily throughout the season selling permits, a range of tackle and baits.

For details of our price, please visit:

www.bowlwater.co.uk or call on **01892 890000**
