

ANOTHER GREAT REPORT FROM COLIN

I had this report in this morning from Colin Hemsworth...nice to see a few early sole being caught (I have had three reported this week)...

"Hi Tony, I fished near the power station yesterday, the morning was fairly quiet until midday when reeled in and felt a bit of weight and found a 2lb, 40cm sole which had taken a lug bait on 3/0 hooks, after this I swapped to size 1 hooks and smaller baits to find another one but that was it for Sole. Next came a 47 cm bass, followed by

3 more a bit smaller. All caught on lug and running ledger rig. The whiting came out as it got darker and called it a night around one. Thanks for the lug and see you soon. Colin"

BEACH OUTLOOK FOR JULY

This is shaping up to be the best bass season ever, I think it will get better! More smoothound and I expect mackerel to make an appearance...it won't be long till we see a few gurnard and a growing number of sole.

Best Baits

As I said last month fish baits are under rated strips of fish, squid and sandeel are great baits. If worms are hard to come by, give it a go.

BOAT REPORT

The fishing has been a bit tough...yes some good fish but it has been hard work. More codling & pollack on the wrecks, a growing number of plaice and turbot on the banks. Some cracking spur dog and smoothound and if you are up to it some mighty conger down below.

Here are a few of the June reports coming into my site...

GREAT DAY TO BE AFLOAT...

I saw this last night posted by Jerry Oiller of Fairchance fame launching from Dungeness beach...

"Fairchance fishing today 01797 363544, A Beautiful day to be afloat, the crew managed to scratch out 10 Pollock to 7 lb 3 or 4 codling, and 1 small Bass returned."

NICE MIXED BAG FOR FAIRCHANCE...

I saw this report from Jerry Oiller of 'Fairchance' fame launching from Dungeness on Thursday...

"Fairchance fishing today 01797 363544 Dungeness. Croydon crew out today, after leaving all their Bait on shore, managed to catch a couple of Mackerel, a nice plump 5lb 8 oz Turbot for Paul Sarkie, Thornback Ray and a 4lb Codling also caught."

THE 'PINBALL WIZARD' OF THE CHANNEL...

I had this report in tonight from Ant out on Peganina from Rye Harbour (07989778361)...

"So it's been busy few days at sea and maintenance on the boat but here's a few pictures!"

TOUGH CONDITIONS, MID CHANNEL...

I had this report in last night from Ant out on Peganina from Rye Harbour (07989778361)...

"Today's report...Another challenging day mid channel but the crew did amazing considering the conditions did see a cod and a pollock before the tide beat us and did manage an eel mid 30's! Still got space on special trip on Monday leaving at 2am targeting conger and spurs!! Cheers Anthony"

WRECKING OFF DOVER...PAYDAY...

I had this report in this evening from Phill Mace...

"Hi Tony, had a good trip on Sunday looking for pollock, the weather played ball and some great action followed."

BOAT OUTLOOK FOR JULY

Things this month should really pick with all the summer species going 'flat out' all we need is some decent weather to get afloat and give it a go.

Best Baits

We need plenty of mackerel and sandeel great natural baits for so many species...lugworm works for species like plaice, but they can be difficult to get if it gets hot.

KENT BOAT REPORT ~ By Jason Parrott

What a start to a bumper month! Hounds over 16lb are being landed regularly from Ramsgate now and plenty of doubles as well. They are mainly taking squid with crab and hermit finding smaller hounds, but, my favourite is still the hard back to find out the specimens. Mackerel are showing when conditions prevail with light winds and clear water They are always good fun no matter what your levels of fishing are. Bass are shoaling in numbers not far from Ramsgate harbour. I know it is 'kiss and release' but always nice to see the numbers of fish are increasing and the bigger solitary bass are there to be found. Shore fishing around Sandwich, Foreland and Reculver has produced some amazing fish caught at close quarters so reachable for all anglers. In all, a very good month to fish and with Lady Ann back on the water after having a total rebuild, you can do so in comfort and speed. We have bookings available so call us on 07966 273650. Many thanks from all at Team Lady Ann.
